Council considers both sides of range question

Anson, Hindon and Minden council has been hearing both sides of a dispute involving the Haliburton County Marksmen's Club range on Bobcaygeon Road the past week at the municipal buildings in Minden.

Those against the club were heard separately last Wednesday.

Larry and Maxine Kent were the first delegation to be heard. They were concerned about the lack of signs identifying the area, shooting without the mandatory red flag of warning flying and the poor fencing around the area.

Both the Kents agreed a five foot chain-link fence around the facility would be adequate although Maxine Kent said her first choice is to have the club removed.

They are concerned for their children's safety. When the range was first discussed, they gave their consent without taking into account the curiosity of their growing youngsters. Now they fear their children will wander into the range to investigate.

Larry Kent said he did not have any complaints about the sand backstop. "It's a good backstop," he said.

Maxine Kent was also angry about the commitment to talk to each landowner separately. She said the club neglected to talk to the neighbouring owners. They received "as much satisfaction

as talking to that ashtray." She also objected to the use of a uniformed police officer to obtain residents' opinions prior to the opening of the range. It was revealed at a second meeting held Tuesday January 25, the officer was preparing a report on the range for the Attorney General's office.

Minnie Hall brought her objections to the council saying "I don't like the shooting." She said she is right in line for any shooting and that the firing startled her. "I'm scared. I'm right in line for it," she repeated. Hall (more on page 3)

County asked to take over airport

Stanhope Deputy Reeve Elgin Stouffer again urged county council to consider upgrading Stanhope airport facilities at the county council meeting Wednesday, January 19. He said it is "long past time" the county had an airport in any location. He also repeated funds are available from the Ministry of Transportation and Communications for airports.

Stouffer said he "took the liberty" to contact Bracebridge airport to gain an idea of the demand upon the facility. He told council Bracebridge logs 25,000 flights a year, 90% of them terminating in the Muskokas. According to the deputy reeve Haliburton is "losing a good portion" of these flights. The loss any prospective would take, the county "would make it up in a year or two."

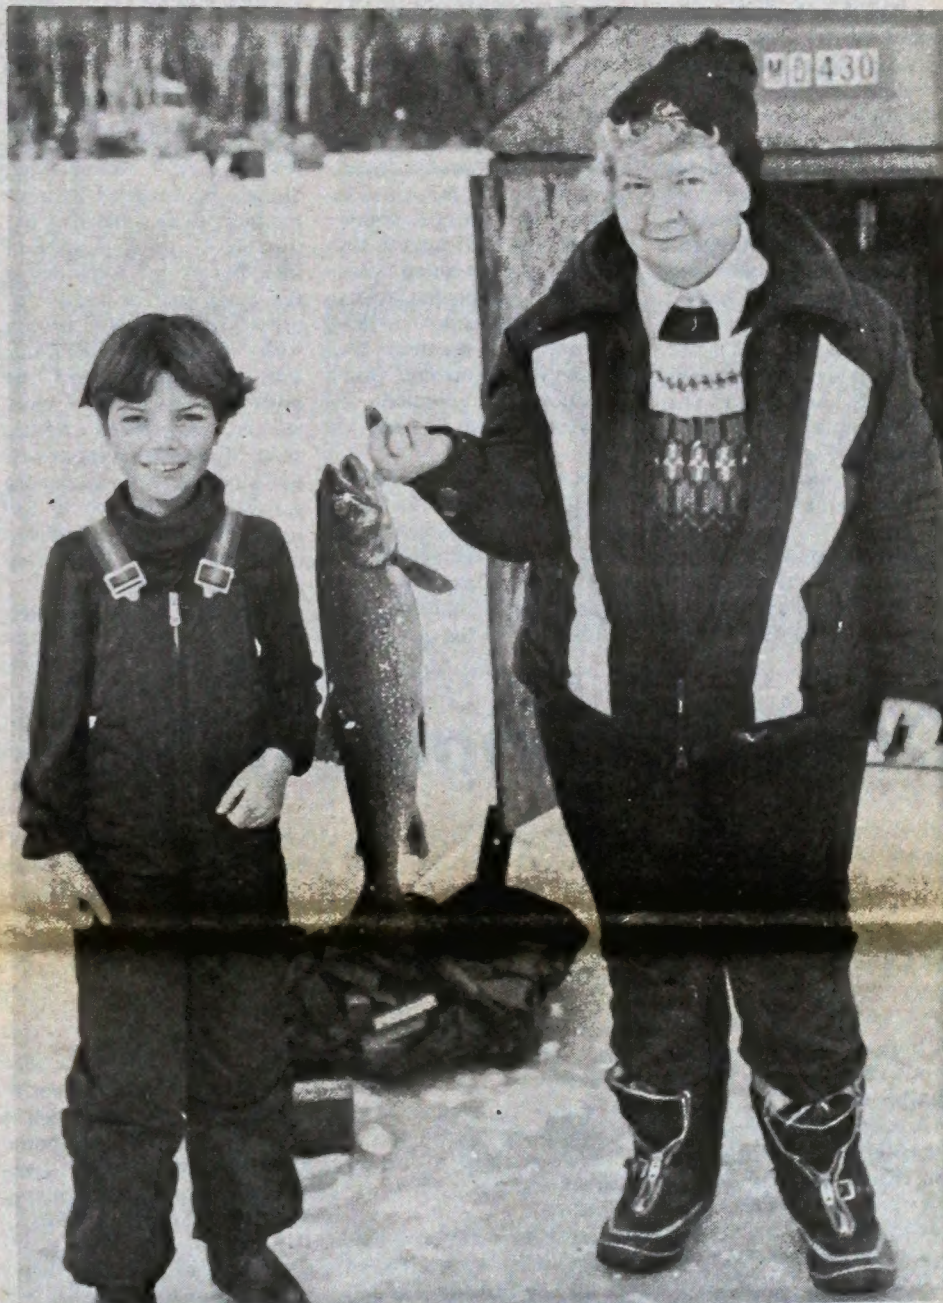

Stouffer continued saying the manager of the airport said that on Friday evenings

planes are stacked up and that the airport "can't get them down fast enough."

Warden Bill Howe exclaimed the figures resulting from the Bracebridge totals were "amazing" and "almost unbelievable". He suggested setting up a committee to research the project. Monmouth Reeve Keith Tallman said Dysart et al had already been through one feasibility study and questioned the need for more facilities. He advised council rather to inquire into the facts and figures of the proposal before arranging a committee.

Stouffer revealed the province would like to see the airport upgraded and added the county was in a good position to do so, while the process for a single township would be a big undertaking.

Council assigned the gathering of facts and figures to the roads committee.

Despite a late start to the season, anglers have found their quarry ready to bite. Velda Harrison of Carnarvon and her grand-daughter Angie pulled this five pound monster from the frigid waters of Halls Lake Saturday. Huts have been seen on numerous lakes in the county as the ice fishing season finally gets under way.

Everything is ready for Winter Carnival

According to the chairman of the organizing committee, Kinsmen Club member Paul Travers, this year's Minden winter carnival is going to be one of the biggest and best the local service club has sponsored.

The annual fun-in-the-snow event is scheduled for this weekend in Minden with several celebrities and numerous participants and spectators expected to attend.

The activities get underway Friday evening. Contestants in the carnival queen contest will gather at the community centre for the judging. Winners will be announced during the opening cere-

monies which are scheduled for 8 p.m. Friday night. Prior to the opening, members of the Minden Figure Skating Club, with their guest skater, world champion Don Jackson, will entertain the crowd. Their performance begins at 7:30 p.m.

The big moment for some lucky contestant will come at 8:30 p.m. Pageant Royalty, in the person of Miss Canada, Jodi Rutledge, will assist in the crowning of the 1983 Winter Carnival Queen.

Throughout the weekend, curlers from clubs throughout the area will be testing their skills on the ice at the Minden rink. The annual carnival

bonspiel continues through Sunday when the finals will be played.

Special activities have also been organized for the teens. Two dances, on Friday and Saturday evening at Archie Stouffer Elementary School will keep the young crowd entertained. Miss Canada is expected to make an appearance at the Friday evening dance.

Older 'kids' will also find places to dance. The Crowe's Nest, a carnival favourite, will be held in the community centre Friday evening, Saturday and Sunday afternoon. Music for dancing will be provided by a disc

jockey and the band Blue Grass North.

Following the opening ceremonies Friday evening, the winning Minden Juveniles will take on the Powassan Juveniles. The game is slated for 9 p.m. A second game is scheduled for Saturday evening, 8 p.m.

All day Saturday, the annual carnival Atom tournament takes place at the arena. The games begin at 8 a.m. and wind up with the selection of the championship teams at approximately 6 p.m.

Saturday will also see car racing on ice at the fairgrounds, snowmobile

drag races, a rodeo on snowmobile machines and wrist wrestling in the Crowe's Nest.

Spectators will be invited to get involved in as many activities as they wish. However, of particular interest Saturday afternoon at the arena will be the tricycle races, log sawing contest, tug of war and pole climbing contest.

The highlight of the Saturday activities will be the carnival parade which is scheduled to form up at the IGA parking lot and march through town beginning at 12 noon. If you can't enter a float or march in costume, be sure to be stationed along the

street to catch the fun and excitement of the parade.

There will be free public skating at the arena Sunday morning and for those who get hungry, the Figure Skating Club will be sponsoring the pancake breakfast, upstairs in the community centre.

Sunday will also see more car racing, snowmobile races, with the businessmen's challenge cup, the Dixie Lee chicken eating contest in the Crowe's Nest and other events.

The Minden Figure Skating Club will also present

(more on page 3)

Resort to become camp for handicapped

A major refurbishing of the resort known as the Hunter's Horn on the south shore of Lake Kashagawigamog is set to begin this spring. The facility will be changed to a camp for the handicapped.

The resort property has been leased to the Recreation Rehabilitation Society of Ontario which will be operating the camp for children and young adults. According to the south-western Ontario co-ordinator for the society, Nick Holmes, a fund raising drive to finance the estimated \$800,000 cost in renovations is now underway.

The facility will be known as Camp Mykashawnee, a word Holmes says means 'the great outdoors' in Iroquois, although he adds the translation may not be exact.

Work on the camp is expected to start this spring. "We'll be on the site as soon as the snow has cleared," Holmes commented. He estimated that the camp will be ready for operation by the fall of 1983.

"We have some major renovations to be carried out," the co-ordinator stated. "All of the buildings have to be made chair accessible and most of the structures on the site now have steps. The kitchen will have to be redone, and, since the building has stood empty for a number of years, routine maintenance has not been carried out. A number of roofs need replacing or repair and some buildings have been affected by dampness."

The sponsoring organization hopes to operate the camp on a year round basis, however it is likely the facility will be closed during the 1983-84 winter to continue the necessary winterizing. Full operation is expected to commence in the spring of 1984.

The society, a non-profit organization, was formed last year. It is not connected with any of the existing organizations representing the needs of various handicapped individuals in the province.

However, the camp hopes to draw participants from all sectors.

According to Holmes, the camp will establish programs geared towards individuals of a particular handicap. A program will be offered, for example, for a two week period, and then a different group, with activities geared to their needs, will attend.

"Basically, the programs will involve learning through self-discovery," Holmes said. "It will be designed to show the individuals what they are capable of doing in spite of their handicap." Activities at the camp will be similar to other facilities in the county with certain modifications. The participants will be involved in swimming, back packing, horseback riding, canoeing and kayaking as well as other traditional camp activities. In the winter the participants will be involved in skiing and snowshoeing among other activities.

Fund raising for the camp

has started in Kitchener and Toronto. According to Holmes the response has been encouraging. He said that the organization will attempt to ensure no one is refused attendance at the camp because of lack of funds.

When it is fully operational the camp will be able to accommodate 72 campers. Included in the staff will be several nurses. Holmes estimated the facility would

require at least ten full time staff members and 20-25 others who will assist with the operations and camping program on a short term basis. A local doctor has agreed to be on call for the camp. He noted that university students whose studies include rehabilitation or treatment for the handicapped will be employed at the camp. As well, volunteers from the

various organizations will be invited to assist with the camping program.

The Recreational Rehabilitation Society of Ontario is a non-profit organization, established in August of last year. According to Holmes it is registered with the federal government as a charitable organization. The main office for the society is located at 598 St. Clair Avenue West in Toronto.

Council congratulated

Haliburton County Council had its inaugural meeting as councillors for the newly full-fledged County of Haliburton met Wednesday, January 19. John Eakins Victoria-Haliburton M.P.P. spoke to council congratulating all those taking part in the transaction and outlining the events leading up to the changeover.

He commended the present and previous councils for their efforts. "Although there were many problems, you worked through them," he said. As a memento of the occasion the MPP gave council copies of the Haliburton Act and the

Hansard proceedings.

Municipal clerks were invited for the historic meeting and Eakins praised them as the "unsung heroes" of the municipalities. He also congratulated Warden Bill Howe for his unique position representing Bicroft Improvement District during its elevation to full township status and the county during its transition. "I feel this is symbolic and ties in with the County of Haliburton," Eakins said.

Eakins revealed the events behind the bill's introduction into the provincial legislature. He told speaker Tom Wells he expected good service for the

bill. Wells told him the bill had not even been introduced to the house, but he would do his best.

Eakins said the bill was the first of 43 bills to be considered and called this a "tribute to house leaders Robert Nixon and Tom Wells." The bill was the second to gain royal assent.

Bill Howe thanked Eakins after his speech. "Without your excellent support we wouldn't have had county status by January 1, 1983." Howe then read a note of congratulations and best wishes from Bill Scott, M.P. for the county.

AHM agenda

The following is the agenda for the Thursday January 27 meeting of Anson, Hindon and Minden municipal council. The meeting will begin at 9 a.m. at the council chambers.

Adoption of Minutes.

Delegations

2. 9:15 a.m. - John Pentney, Minden Kinsmen Club re: Minden Park.

3. Correspondence.

Other Matters

4. Report from R.C. Schell re: costs to replace equipment used by Fire Wardens.

5. Offer to purchase from Staunworth Housing Authority re: Pt. Lot 5, Concession A, Twp. of Minden.

6. Resolution re: proposed addition to municipal building.

7. Report from Councillor Burk re: revised personnel development and performances review sheet for municipal employees.

8. Resolution to authorize 1982 apportionment of Unconditional Per Capita Grant to Minden Water and Sewer Systems.

9. Review entries received for a crest/letterhead design for the townships.

10. Tax write-offs.

11. Report from Councillor Kenney re: application for grant under the New Employment Expansion and Development Program. (NEED.)

12. Discussion re: Haliburton County Marksmen Club lease agreement with townships.

By-Laws

13. By-law 83-2 - Being a by-law to authorize a preliminary tax levy.

14. By-law 83-3 - Being a by-law to authorize an agreement with William Simmerman with respect to the Scotch Line Landfill Site.

15. Other business.

16. Adjournment.

Chamber reports to council

Chamber of Commerce manager Bob Stinson briefed county council on the recent projects in which the organization is involved at the county council meeting Wednesday, January 19.

As well as handling the 754 phone calls, the 1,287 mail inquiries, the over 3,500 visitors and the 4,500 Inwats calls for subscribers, the office prepares about \$5,000 worth of copy work and thousands of maps, brochures and other information packages. It is also constantly considering ways to promote the area.

All this work has resulted in the 350 member chamber being called "a leader in the

field" and praise from the Minister of Tourism and Recreation Reuben Baetz for both the chamber's methods and the county council's co-operation.

Currently the chamber is running a plastic bag campaign. Four million bags have been prepared with Haliburton county events printed on one side. These bags are available to local merchants. Each business can have its name and any pertinent information printed on the opposite side for a minimal additional fee if they wish.

The chamber is also discussing the possibility of a

Haliburton trade dollar commemorating the full status of the county.

Stinson said they are very optimistic about the hospitality training centre which is presently being established. It is expected to provide a boost to local tourist concerns.

Stinson also mentioned concern for the welcome centre and the location. He said the structure was originally designed as a summer-use information booth. After alleviating some of the space problems with a portable building, it was discovered the sills in the old

building have rotted out. He said "nothing is holding up the walls except faith." The building committee is "struggling" to come up with some recommendations for requirements of a new office. Dysart Reeve Murray Fearney suggested a location in Carnarvon on the corners of Highway 118 and 35. He said this was closer to being equidistant from both major centres.

Stinson said with the advent of Telidon, the future of tourism does not require a specific location. He was concerned the parking is inadequate. One bus can fill the present parking lot.

Winter Carnival

(from page 1)

its annual skating carnival Sunday afternoon with another appearance from world champion Don Jackson. The skating carnival begins at 2 p.m.

"We are extremely pleased to have Miss Canada and Don Jackson attending," Travers commented. "Their presence has already added to the excitement of the whole weekend." Travers noted that the weatherman appears to be co-operating with the Kinsmen efforts with a welcome fall of new snow, some cold temperatures predicted for mid-week and then gradual warmth.

"Everyone should be able to enjoy the outdoor activities without being chilled to the bone," he said.

Souvenir programs for this year's Kinsmen Winter Carnival have now been distributed and are available at many local businesses. As well a schedule of events for the weekend appears in the middle two pages of this week's newspaper.

"The Kinsmen Club of Minden has been busy for the past six months or more preparing for this weekend," Travers commented. "We hope everyone comes out and enjoys the winter carnival."

Range future under study

(from page 1)

said the club could not make any changes in the present arrangement to satisfactorily change her mind about wanting the club moved.

Hall said her home is about 30 degrees from the line of fire but said there is "always that chance" a stray bullet could go in that direction.

Bill Carrell condemned the site as being a "very poor location". He also complained of the noise and of being startled by the sound of firearms. He mentioned the club has several quarter inch steel plates behind the targets. He said bullets ricocheting from this could be dangerous. "You can hear the clang about 4 miles down the road," he said.

Gun Club representatives denied this at the later meeting. They said fibreglass was used behind the targets. The only metal near the targets are the frames. Bill Payne said bullets would shear through the thin gauge metal.

Carrell said the problem "came to a head" when shooting started at 9 a.m. one day and, after returning from a day trip to Huntsville, firing could still be heard at 8:30 p.m. Carrell said he tried shouting "pull" one evening during shooting. He said the shooter hesitated and looked behind him. Carrell said he realised later he had created a safety hazard but used the story to illustrate the proximity of the pit to his home. If he could "upset shooters" with the sound of his voice, "imagine the sound of the firing," he said. He also questioned the effect on the value of his home. "The only way to improve that situation is to move it," he concluded.

The council met with the gun club representatives January 25. President Glynne

Lewis outlined points for the council.

He said the club will ensure the red flag will be up and that an additional red flag will be flown at the crest of a nearby bank. He said the club will take down the flags when shooting has ended. Lewis said signs will be posted around the fenced property leased from the municipality on every fourth post, a distance of about 50 feet.

These signs will have "Danger - Shooting Range" printed on them. Larger signs at the entrance by the bridge and at Bingham Road will read "Danger - Shooting Range - Authorized Persons Only" and have the hours of shooting. The club decided to revert to the original hours of dawn to dusk weekdays and after 12 on weekends when concessions on hours failed to stem objections. The club plans to replace the present chain at the entrance of the area with a gate and 12 feet of chain link fence on each side of the gate, by the bridge. The club house will be locked as well.

Lewis suggested moving the clubhouse to the east side of the range to deflect some of the noise from that area. Also, with the help of municipal earth moving machinery, a bank could be built along the south side of the range. The club would plant fast growing poplars which would help to deaden the sound. Stuart Brandon said funding was possible under pit improvement programs.

Councillor Gary Kenney was concerned the red flag had a meaning only to users of the range and not to the general public.

Reeve Lyle McKnight asked whether there is a sentry when members are shooting.

He said the gate should be locked especially when single or pairs of shooters use the range.

Kenney asked if the club's insurance would cover an accident in the event a trespasser, firing arms, injured a person. Payne said trespassers are responsible for their actions as long as the Marksmen's club has not been negligent.

Deputy Reeve Ed Pergolas said he was not aware single shooters were allowed to use the range and he is concerned about this. He had thought it was like the "buddy system."

Lewis pointed out that anyone using the range improperly would be damaging their opportunity for recreation. He said members were careful about the use of their arms.

Payne added that it is better to have shooting under controlled circumstances

instead of the uncontrolled shooting. He said members would go back to shooting in places of their choice if the club was closed, creating a certain hazard.

Kenney asked if the range would lower property values. Payne agreed it would, but said the area had a gravel pit, zoned industrial land and a scrap metal yard, so the range would have little effect.

Brandon had invited Kenney to count the logged shooters in the book the club keeps. Kenney reported there were about 200 names in about seven months. Payne pointed out that some of the names logged in the book were on turkey shoot days and other events.

Brandon also said the range is inspected yearly and the province has accepted it.

Council hopes to reach a decision at the next council meeting January 27.

Improved airport needed

The Haliburton Highlands deserves to have improved airport facilities.

At present the air strip in Stanhope Township offers little to attract the tourism or industry which an improved facility would bring this way. The grass strip which presently exists at the airport is one deterrent. Airplane owners, especially those with more costly machines, are reluctant to use the facility for fear of damaging their craft. During the spring, the strip must be closed as the ground becomes too soggy and uneven to be safely used.

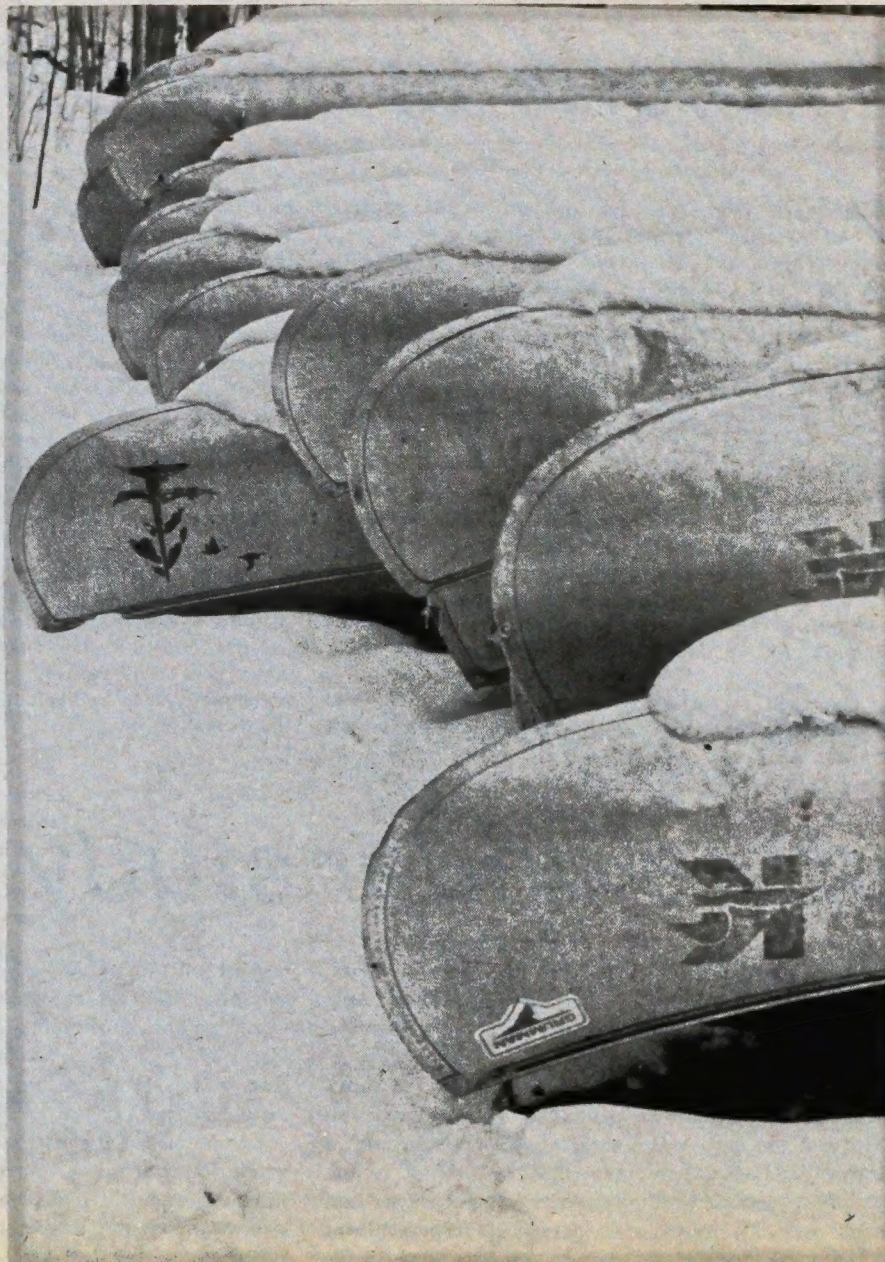

The lack of lighting along the strip also limits the use of the facility to daytime use only.

Stanhope Deputy Reeve Elgin Stouffer has suggested a remedy to the present situation. Speaking at the January 19 meeting of Haliburton County Council, he has suggested the county should assume responsibility for the airport to help bring it up to standard. He pointed out that while the Ministry of Transportation and Communications will provide subsidies for improving the airport (on a similar basis they provide for roadwork), upgrading the airport is just too large a task for one municipality to undertake.

The benefits from an improved airport would be felt by a large portion of the county. It would attract tourism and be an incentive for industries considering locating in the county. The present airport is also close to the major population and tourism centres in the western portion of the county.

Stouffer points to the 25,000 airport movements recorded last year at the Bracebridge airport as an example of the potential which this area is missing.

The matter has been turned over to the county roads committee for consideration. The recommendations they bring to the next meeting of county council could influence the economic well-being of this area for years to come. We hope they give due consideration to all aspects of the airport development.

Waiting for Spring

Trust takeover question

- by John Eakins, M.P.P. -

The furore about Ontario trust companies continues unabated, with new developments becoming public almost daily.

One question being asked is whether the Trust Companies Association of Canada took advantage of inside information to withdraw \$64,000 from Crown Trust Co. on January 7, mere hours before the company's assets were seized by the province. The government has been sharply criticized by the Opposition about this allegation, which is currently being investigated by the Ontario Securities Commission. Also being probed by the Commission are reports that Guaranty Trust tried to withdraw \$1 million from Crown Trust the day before the takeover. Needless to say, the Trust Companies Association is refusing to comment on the controversy.

Millions of dollars in negotiable securities are being, or have been removed from the vaults of Crown Trust for safekeeping by the Bank of Canada as a "precautionary measure". Greymac Trust Co. and Seaway Trust Co. have also been taken over by the province due to concern

about mortgages advanced in transactions involving some 11,000 apartment units in Metro Toronto.

Provincial government lawyers are checking into the proposed sale of the company which manages the former Cadillac Fairview apartment and townhouse buildings to an American firm. If this sale is concluded, it would mean that 30,000 people who live in the controversial units would have their third landlord in as many months, a development described by David Peterson as "incredible".

In other developments, the owner of Seaway Trust has accused the government of rewriting the accounts of his seized company. The Minister had earlier told the Legislature that Seaway's accounts were "seriously lacking in accuracy."

Apparently, also, there is a Swiss financier involved with two of the three trust companies seized by the Ontario government, and a private Edmonton firm is a strong contender to purchase Crown Trust.

According to the Solicitor-General, the Ontario Provincial Police and the Royal Canadian Mounted Police are investigating

mortgage and trust firms involved in the controversial apartment unit sale.

Geneva Park conference

On January 14 and 16 the Ontario Liberal Party held a caucus conference at Geneva Park on the shores of Lake Couchiching. More than 200 people attended the conference which dealt with issues expected to dominate the public agenda in Ontario throughout the remainder of the 1980's and into the 90's.

P.M. Graham,
Minden.

coming up

Saturday, January 29 - Annual Soup and Sandwich lunch sponsored by Minden Scouting Group at St. Paul's Anglican Church. 11 a.m. - 3 p.m.

Tuesday, February 1 - Annual Pot Luck supper for Minden Horticultural Society at Minden United Church, 6:30 p.m. Everyone welcome. Bring own plates, cutlery and your pot!

Sunday, February 13 - Minden District Trappers Council Workshop at Minden Community Centre, commencing 10:30 a.m. Trappers and families welcome.

letters

Editor:

One more letter as promised.

I was glad to see my first letter caused at least two happenings with the possibility of a third.

First, the Haliburton County Water Resources Committee, shall I say "surfaced", or at least appeared from somewhere through a letter from Mr. Robinson.

Second, a letter from Bruce Kitchen of Trent Valley Systems warned of the likely operating procedures for this spring.

Third, there is a fair possibility of a "Watch Dog" organization to work with TVS, to try to reach an agreement on future procedures and to try to eliminate this "all or nothing" situation as now exists.

Could we see a report or get any information on what the Haliburton County Water Resources Committee has done or may be doing? Maybe we wouldn't need another committee if they would swing into action. Certainly they were very quiet when needed in December. Hope they don't all think like Mr. Robinson or we're really in trouble.

Bruce Kitchen's report of having to put stop logs in early due to lack of snow is exactly the subject I was planning to write about in the promised second letter. There is only one reason for this way of thinking, namely "we must get these lakes full and ready for summer." No consideration of leaving a bit of reserve for emergency and no consideration for the people affected when lakes are full and no place to hold some excess water in case of necessity. I think residents along the Trent System are just as important and are due consideration as well as boating on the System.

There is still no reason why a happy medium cannot be reached, let's get going before Bruce gives orders to start putting in stop logs first week of March.

SECOND CLASS MAIL REGISTRATION NO. 0936

Editorial comment

An open letter to the Minister of Natural Resources, Alan Pope.

Sir:

Your ministry issued a press release recently which arrived at this office Monday. The release, which is reprinted at the right, outlined a special make-work project taking place in this area in which 41 individuals are being employed to construct forest access roads and other projects.

Since this newspaper had already reported on the project, we were about to recycle the paper, but thought it best to give the item a read. I was, to say the least, rather surprised with what I found.

The first, most blatant omission, was the lack of any reference to this municipality. Hindon Township is one of three that form the municipality of Anson, Hindon and Minden. As such, we felt it deserved mention. Now, this may be considered a small point to some, but we feel it is important.

The company, J.A.C. Construction, which is receiving the grant, while located just across the boundary in Lutterworth Township, lists its address as Minden. Your ministry district office, through which the work is being co-ordinated, is in Minden. Most of the employees were drawn from the Minden area and, as we have already pointed out, the work was being carried out in the municipality of Anson, Hindon and Minden.

And, as if the lack of reference to Minden was not enough, the site of the work is described in the press release as being "east of Bracebridge." Do we detect a note of political bias here in your report on the project? Is the fact that Bracebridge is represented by your cabinet colleague and provincial treasurer Frank Miller, colouring your perception of our province?

Minden and the Haliburton Highlands has been struggling over the past few years to raise its profile in

Ontario. Our Chamber of Commerce has identified a serious lack of recognition for the Highlands by the general public. Your reference to the work site tied it firmly with Bracebridge and the well-known Muskoka region. Now we'd be the first to admit that mentioning Minden in your press release would not have raised our profile any measurable amount, but certainly if our provincial minister refusing to acknowledge our existence in such a simple matter, how much more difficult is it going to be to convince the general public that there is indeed something south and west of Algonquin Park?

In researching an article on the project several weeks earlier, we quickly realized that the contractors and your staff at the Minden office had put a great deal of time and effort into preparing the application for the work. Their efforts, we feel, deserve recognition as well.

We are aware that matters such as the issuing of this press release, probably don't reach your desk for approval. However, the item was distributed in your name and we feel these points should be brought to your attention.

We certainly don't wish our remarks to be a negative reflection on the benefits of the program. The extra employment being provided to the area is appreciated, not only by those hired. The fact specific benefits will accrue to several programs in your ministry's forestry and wildlife divisions is also of value. However, we feel your presentation of what is taking place, and, more importantly, where, is designed to obscure the facts behind the effort.

Awaiting your comments, we remain,

Press Release

J.A.C. Kernohan Construction will receive a \$265,180 grant from the Ontario and federal governments to hire 41 laid-off workers to construct a winter forest access road in Hindon Township east of Bracebridge.

The workers, who will share 519 weeks of work, will clear and construct the winter road in the Cash Creek area.

The project is sponsored under the forestry special employment program, a joint federal-provincial job creation program initiated last year by Natural Resources Minister Alan Pope and Lloyd Axworthy, federal Minister of Employment and Immigration. Parks, conservation authorities, fisheries and mines programs have also been created to employ laid-off workers.

Since last February, the Government of Ontario has contributed \$16.3 million to the five programs, providing a total of 72,124 weeks of work for 4,637 laid-off workers in the province.

"Through the use of a special section of the Unemployment Insurance Act, we have been able to create jobs allowing skilled workers to stay in their communities and participate in projects that will have long term benefits for Ontario," Mr. Pope said.

"It is our desire that laid-off workers be given the opportunity to make productive use of their UI benefits," Mr. Axworthy said. "These programs allow them to maintain and improve their work skills."

Under each program, the federal government offers an enhanced pay package so workers receive their regular UI benefits plus a supplement which will increase their benefits to a maximum of \$240 per week. The Ministry of Natural Resources, using funds provided through the job creation program announced in the Ontario budget, contributes an additional 25 per cent of the federal contribution up to a maximum of \$60 per week. The provincial part of the programs is funded by the Board of Industrial Leadership and Development (BILD) and administered through the Ministry of Natural Resources.

The province also pays for family protection benefits, and the cost of equipment and materials to carry out the project. In addition, staff from the Ministry of Natural Resources provide technical guidance and support for each project.

Road concern aired at special meeting

A meeting to discuss the roads in the municipality of Anson, Hindon and Minden resulted in a lively exchange of ideas even though only six citizens attended. The meeting was held Thursday evening at the municipal

office.

Two members of the roads committee, Councillor Gary Kenney and Councillor Pat Burk were attendance. Road committee chairman, Councillor Larry Cummins was absent. Reeve Lyle

McKnight was also on hand for the meeting.

Kenney explained that the meeting had been called to obtain the opinions of area residents as to future development of the municipal road system. However, the

topics discussed ranged over a wide spectrum including the condition of a number of roads in the townships.

One member of the audience asked why the reconstruction of Main Street south of the I.G.A. store had

been started in the late fall. He noted that the road had become filled with potholes since the pavement had been ripped up and suggested the municipality should have left the work until the spring.

Reeve McKnight told the sparse gathering that the funds for the work came from a special grant from the provincial government. The money had been earmarked for the Prince Street work, however, when that job was complete, some monies were left over and these had been applied to Main Street work as well as reconstruction of a portion of Newcastle Street.

McKnight said the grant had to be spent by the end of the year under the terms of the agreement with the province, and if it wasn't, it would be lost. He said the conditions of the road had been affected by the numerous thaws experienced this winter and added if the weather had not turned mild, the road probably would have remained smooth until the spring. However the mild weather allowed the potholes to become established and now they are frozen in place. The reeve did point out that similar work carried out on Prince and Newcastle street has not become as rutted. "Perhaps a heavier gravel was used on Main Street, or the fill was not treated with calcium," he suggested.

The question about Main Street led to a general discussion concerning the condition of the streets in the

village. Reeve McKnight told the meeting when the ministry of Environment installed the sewer and water systems in the village, they took responsibility for replacing the road, "to the condition which existed before it was dug up." He said even the Ministry of Transportation and Communications, which set road construction standards in the province, were not involved in the project.

McKnight explained that the material used to fill the roadbeds after the water and sewers were installed, was not compacted properly. The MOE construction crews also used the material which had been excavated from the streets in the reconstruction. He indicated that this was an improper procedure. "The streets started to settle and the manhole cover tops stayed where they were," he pointed. As a result the streets had large lumps in them.

An appeal to the Minister of Transportation and Communications, James Snow, last year, resulted in renewed hope that funds would be made available to correct the situation. However a pre-engineering study showed the cost would be close to a million dollars and the Minister said he would be unable to supply that amount of money. He did offer a smaller grant of \$100,000 which was used for the roadbed construction this fall. McKnight said the Minister indicated the MTC

Editor:

I am writing in response to the sudden loss of one of Minden's outstanding citizens and the contribution she made county-wide, Dr. Agnes Jamieson.

Besides bringing myself into the world, I was proudly named after her. To my mother, Agnes Jamieson was one of her true friends and inspiration. My mother, Grace Simmons, often wrote poems. I am including two which she wrote about Dr. Jamieson.

To the family and friends of Dr. Jamieson, my sympathy is with you.

George Jamieson Simmons, Irondale.

To our Country Doctors

Oh, here's to our old country doctors,
Whose numbers are vanishing fast-
Who treat all our troubles with loving care,
And a friendship that belongs in the past!

Into the cities they swarm today,
Where the people are strangers all;
So what do they know of their patients' lives,
Their trials and troubles that befall?

So, give me our old fashioned doctors,
Who have known us all of our life -
The blessing of countryside friendship
Far away from the city's mad strife.

October 1973 - To Dr. Jamieson.

A Country Doctor

A few years ago God gave us a friend
Although night and day she worked to no end
In winter and summer it was just the same
And life was surely a non-stop game.

In the middle of the night, the 'phone would ring
And she always answers "Hello",
And though you are many miles away,
She will surely be with you, I know.

So she gets in her car, and away she would go,
Although she has had little rest,
She gives you some pills for your aches and pains,
And she knows just what is the best.

Sometimes she goes on the train maybe,
And sometimes she may even walk,
But always she'll find you, no matter how far,
And listen to your gabble and talk.

She is one of our great country doctors,
And Agnes Jamieson is her name -
We don't find this kind of doctor today,
With all of her wisdom and fame.

Most of them don't give a hoot for you,
And are paid mighty well, for the little they do,
So God Bless our Friend for her wonderful work,
And give her a special place in Heaven.

from the chamber

by Bob Stinson

The countdown is on for the Minden Winter Carnival and if the excitement evident at this time is any indication, it promises certainly to be the biggest and best to date. Their program is now in circulation and it's packed with 60 pages of information about the Carnival and the businesses that have pledged support to it. We must congratulate the Minden Kinsmen on the considerable effort that has obviously gone into putting this excellent program together.

We are looking forward to meeting Miss Canada when she arrives Friday to assist with the Carnival Queen judging. She will also be participating in the opening ceremonies at the arena at 8:00 p.m. and many of the other events throughout the weekend.

The Minden Figure Skating club have a celebrity on their program as well in the person of figure skating champion Don Jackson. Tickets for their big skating Carnival on Sunday afternoon are bound to be in short supply and it has been suggested that those interested should get them in advance. They are only \$3.00 for adults, \$2.50 for seniors and \$1.00 for students 12 and under, and are available at the Chamber office or from members of the club.

You may also pick up a copy of the program here at the Chamber office on Highway 35 in Minden.

Fire over Native Rights

The Honourable Alan Pope, Minister of Natural Resources is facing a groundswell of concerned reaction to the fact that he signed an agreement in December that virtually gives carte blanche fishing rights to Treaty Indians in the province. No publicity was given to the signing and many organizations such as the Ontario Federation of Anglers and Hunters, the Northern Ontario Tourist Outfitters Association and many smaller organizations such as our own, are just now finding out the implications of the agreement.

According to the agree-

ment, Indians may now fish in any season, and in any manner in any waters in the province for their own consumption or for trade or barter. This of course means they may fish out of season and they may net, spear or even use dynamite and could wipe out a fishery in one season. In addition, the Indians may restrict fishing by others in waters adjacent to a reserve. This could, for instance, wipe out the sport fishing that supports the tourist industry on Rice Lake where 3 reserves are in existence.

This should not be taken to suggest that Indians are irresponsible enough to do any of these things, but when the door is open that wide there are bound to be some who will abuse the wide privileges that are being granted. It has also been suggested that there are other unscrupulous individuals who have and will encourage Indians to use their additional rights for profitable purposes.

It is predicted that this agreement could, and very possibly will, wipe out the entire fisheries program within two to three years. It is also anticipated that the same fate will come to our hunting regulations next if this agreement is allowed to stand.

The agreement has been signed and has been given Royal assent. There is nothing more that can be done about that. However, the Federal Government has some authority in this matter and in fact some are questioning the provincial government's authority to make such an agreement at all. Pressure, therefore, is being applied to the federal government now to step in and right this wrong.

There is no question that our native people must be given more consideration that has been traditionally the case by our governments over the years, but let's not give away the ship. Tourism depends, to a great part, on the hunting and fishing resources of our country. Those resources must be nurtured and developed for our future generations and the government has just abdicated that responsibility.

Welch farmers' president

by Ernest Hills

Another year of agricultural enterprises looms ahead and to mark the changing of the calendar, the Haliburton County Farmers' Association held its annual meeting January 11. The first part of the agenda, which included a synopsis of events as well as a financial statement from 1982, featured the election of officers for the coming year.

Ray Welch was acclaimed to a second year as president, with Maureen Warburton also acclaimed to the position of secretary/treasurer, in recognition of the fine service they have given the association over the past year. Also remaining as past president is Dwain Wruth who continues as a primary contributor to the high profile of the association.

Elected to the position of vice-president is Randy Warburton, followed by six directors, Casey Cox, Tim Casey, Bob Barnhart, Joe Cox, Bill Moore and Ernie Hills. Tidying up matters included appointing Ross Warburton to represent Haliburton County in the Ontario Cattlemen's Association and Bill Moore to attend the annual meeting of the Soil and Crop Improvement Association on behalf of the Haliburton area farmers.

Accepting an invitation from the farmers' association, the Ministry of Natural Resources addressed area farmers on concerns regarding the area land use strategy, to complete the second half of the annual meeting.

Peter Hynard, a chief forester with the Minden district office, did an excellent job in putting the Ministry position into perspective. The discussion digressed on a number of occasions however, there were two primary areas of focus for area farmers, one being reforestation of cleared land and the second, property rights.

Mr. Hynard expressed the ministry's position on reforestation as one of restraint owing to the poor economic returns on government investment in such instances. This was an area Natural Resources was attempting to phase-out, which frankly seemed a contradiction to policy as stated in the land use strategy.

It was pointed out to Mr. Hynard that there is more productive agricultural land than illustrated in the policy, as it pertains to Haliburton. It should have been mentioned that instances of upgrading poor land for pasture or cropping does exist in areas of the county and that it is encouraged by the farmers' association.

Mr. Hynard did emphatically state that it was not the

ministry's intention to interfere with current agricultural practices or in the development of agricultural land holdings. The fact remains that proposed incentives for reforestation presents a forum whereby resources and agriculture will have to square-off in an attempt to persuade the landowner as to the best use he can put his property.

On the subject of private property rights, Mr. Hynard was again very emphatic that in the absence of a written agreement, the ministry has NO authority in regard to private property. It was also stated that the ministry has no jurisdiction in regards to the controversial Tree Protection By-Law and that the regulations pertaining to the timber industry fall under the Trees Act, which provided only for municipal enforcement of such laws.

It should be pointed out, however, that Mr. Hynard participated in the formulating of the wording of the draft by-law. Once again, the intent of the legislation is not in doubt, but as I pointed out to Mr. Hynard, the offensive section 2(1)(a) in conjunction with the definition under 1(d), is an infringement of personal property rights and should be deleted.

The legislation can be more precisely directed to the logging/sawmill industry without having any bearing upon individual property owners, except where timber rights are sold on private land to the aforementioned industries.

To those who seek to hasten the moral bankruptcy of the individual by placing added responsibility with the government, to the detriment of individual freedom, I say that government at any level cannot assume conscience and responsibility for individuals by legislating them into apathetic compliance.

The annual meeting of the Haliburton County Veterinary Services program was held January 18 in the cafeteria of the Haliburton High school. To commence the meeting elections of committee members for 1983 were held. Local representatives include Ray Welch, Dwain Wruth, Joe Cox, Bob Barnhart and Ernie Hills. This committee takes charge from the present group effective April 1, 1983.

Guest speaker at the meeting was Dr. Ron Urquhart, who is the new supervisor for the Assisted Veterinary Programs across Ontario. Dr. Urquhart addressed the gathering on the subject of the "White Paper" which recommends sweeping changes to the vet services program. These changes as proposed represent a real threat to the continued availability of the

local veterinary services program.

The program currently provides a subsidy to vets who set up practice in areas where there is a need but the demand does not provide the vet with a sufficient source of income. Subscribers to the plan pay a twenty dollar fee, which is incorporated into a lump sum payment of \$1000 payable to the provincial government as a token on behalf of the community receiving the service. Those who subscribe then receive the benefit of what simply might be called a preferred rate on farm calls by the vet. It should be noted that this service is only available in regards to the large animal practice, and not for pets.

The proposed changes would reduce the subsidy to our area vet substantially, thereby causing concern over continued availability of service. For the record, let me say that Dr. Peter Bennett has not only provided first rate veterinary services for this community, but has promoted area agriculture-animal husbandry in every facet of his practice. As a community we would be

remiss if we did not pick up the slack should the government follow through with the proposals, and see that the 'offer' of farm life in the Highlands was one Dr. Bennett could not refuse (with or without the blackflies.)

The annual banquet was held January 22, to round off a month of annual events for the farmers' association. Our heartfelt thanks go out to the owners and staff at Gelert Gardens who provided the sumptuous repast. Also thanks to the organizers of the annual event for once again providing a terrific evening and of course thanks to all of you who filled the hall in the continued support of area agriculture.

Presentations were made to Dwain Wruth and Bob Barnhart in recognition of their many years developing and running our local 4-H program. A special note of thanks was given by Ray Welch on behalf of the association to Carm Hamilton, local agricultural representative, whose support and contribution in time and energy sometimes goes unheralded.

Agricultural meeting well attended

Over 950 people attended the East Central Farm Conference last week.

The main attraction was the 28 different speakers from as near as Woodville, to as far away as Alberta. The speakers included farmers, extension workers, researchers and industry representatives. Those attending included the above, plus students from Sir Sanford Fleming College.

The breakdown of attendance is as follows: Sheep Day - 110; Soil & Crop Day - 230; Beef Day - 210. Record attendance at Dairy Day and Pork Day was 220 and 180 respectively.

The Farm Conference was

held all in one week this year, as opposed to being spread over a two week period as in previous years. Near perfect weather conditions, no doubt, helped in achieving the excellent turnout.

The one day left in the East Central Farm Conference is the Farm Women's Seminar to be held on February 8 in Lindsay. This program is by advance registration only, and it is now full.

The East Central Soil and Crop Improvement Association is also sponsoring the East Central Farm Show. This is to be held on March 9 and 10 at the Cambray Community Centre. Please mark these dates to attend.

Students discover pioneer life

Grade eight students at Archie Stouffer Elementary School received an interesting insight into pioneer life in Haliburton County recently.

The students of Miss Betty Perugino's class were asked to research various aspects of early life in Ontario and, using artifacts to support their findings, prepare a presentation about their area of concern.

Many of the youngsters concentrated their efforts on home crafts such as weaving, tool making, candlemaking and toys. Others chose to explore broader issues such as transportation, folk medicine, newspapers and clothing styles.

After making their presentations in class, the students brought all their displays together for a special pioneer exhibition. Students from the other classes in the school toured the exhibits, set up in the library, asking questions of the young researchers and adding to their own knowledge about pioneer life in Ontario.

According to Miss Perugino, the grade eight students found the assignment enlightening and entertaining. Many located items from pioneer life tucked away in attics and closets in their homes. Grandparents were also a source of information to which many of the students turned for information about 'the early days.'

Ronni Rendall, above, gets a mixed reaction when she explains a home remedy for sore throats. Pioneers would place fried onions on a cloth and wrap it around their necks.

Ginger Elliott, left, demonstrates some of the handmade toys used to amuse pioneer children.

Sharon Thornett, below, dispenses samples of soap she had made for the grade eight pioneer exhibit.

Signs should be placed on Hwy. 118

(from page 5)

would likely be taking a closer interest in what the Environment Ministry is doing in the future, especially when road construction work is involved.

The reeve said the municipality would continue to apply to the MTC for special funding to bring the roads back to standard.

Highway 118 link

The suggestion was also made that the municipality

take advantage of the fact that the Bobcaygeon Road is the first exit for individuals travelling into Haliburton County from Muskoka on Highway 118. It was suggested that a sign, indicating that Minden was "eight scenic kilometres away" near the intersection, might help attract traffic in the community.

The reeve also pointed out that the county has yet to make a decision on whether to

accept the Bobcaygeon Road into its system. The county was offered the road by the municipality last year.

On the question of closing Newcastle street at the intersection with Main Street the meeting was informed that no decision had been made. It was pointed out that the CAUSE study carried out last year had suggested that idea and an engineering study was currently underway to determine the feasibility of the

work, but no decision had yet been made.

It was pointed out that closing Newcastle Street would block an important entrance to the community, as it serves as a feeder street for people driving into town on the South Lake Road.

The question of constructing another entrance into MacKayville off County Road number one was also discussed. It was noted that residents of the area were not

in favour of the project as it would invite more through traffic and perhaps hurt the quiet neighbourhood. The fact Hyland Crest is located in that area and an accident on the main entrance could block access to the subdivision were items mentioned in favour of the second entrance.

It was also suggested that municipal trucks could be used as moving billboards to advertise events within the municipality. This idea was

rejected at the county level because it was felt there would be little return for the investment since the county trucks did not leave the Haliburton Highlands. There was also some question as to who would pay for the signs.

The idea of using municipal trucks as "free billboards" for local events such as the winter carnival, fall fair, summer carnival and other activities appeared to get a positive reception.

Huskies scalped 13-2

The Huskies lost a bruiser to the Gravenhurst Indians 13-2 at the Dysart arena. Despite the high score, last Saturday's game saw good goaltending by Terry Crowe, a Minden juvenile.

Haliburton opened the scoring after about seven minutes of even hockey. Brian Lloyd slid one in on a perfect pass from Andrew Shapiera. Gravenhurst's goalie Dave Lahay was drawn far out of position by the play. Kevin Shapiera had the other assist.

Gravenhurst replied 29 seconds later at 7:35 on a goal by Steve Duggan. The Indians scored the next two goals at 16:19 by Irwin Heshira and

18:46 by Phil Carter getting his first of six points.

The Huskies replied in the last minute of the period on a low Roger Hicks drive from the point. Mike Rae picked up the assist.

During the first few minutes of the second period, the game was played even again but the Indians struck for their next goal at 8:34. Kris King scored an unassisted goal, his second point of five assists and one goal.

The Indians scored eight seconds later on a shot from Jim Dobie. King and Carter picked up the assist.

Phil Carter finished off the Huskies single handedly on a

hat trick in the dying minutes of the period. In 80 seconds he scored three goals, all assisted by Kris King.

The third period opened with many Huskie supporters watching their team watching their team from the Huskie booster party on the second floor.

They watched the Indians open scoring at 1:23, Andy Schell firing the marker. Then

Brian Lloyd and Doug Renkema battled near the Gravenhurst goal tearing off each others helmets and throwing off gloves. Both were sent off the ice for their troubles.

During the four man a side

interval, the Huskies matched the Indians move for move.

Then Harry McIntyre of the Indians scored. A couple of minutes later Phil Carter picked up his sixth point assisting on a goal by ace Gravenhurst defenceman Craig Smith on a power play.

Clay Walker and Steve Duggan ended the scoring of the game, both on power plays. The resulting 13-2 score left only the cold beer at the Huskie party for the weary

Haliburton players to look forward to.

Haliburton plays the last game of the season at the Dysart area Saturday night against Oro.

Brian Lloyd, number 19, scores on Gravenhurst Indian goalie, Dave Lahay during Saturday night's game in the Dysart arena. The Huskies lost the game 13-2.

puck talk

Novice

Aaron Hie scored four goals to lead the Minden Novice team to a 5-2 victory over the Haliburton team. The game was played January 18 in Minden.

Three of Hie's goals were unassisted with Chad Connelly and Chris Todd picking up the credit on the other effort. The other Minden goal was scored by Kevin Buchanan, with Aaron Hie assisting.

The two Haliburton goals were scored by Greg Stamp. Steve Beaver was in nets for Minden.

Atom

Kent Taylor and Joey Boyle scored the Minden Atom goals as the team went down to defeat at the hands of Gravenhurst January 18 in Minden. The final score was 7-2.

The Minden and Haliburton Atom teams battled toe to toe Saturday at the

Minden arena in an exciting contest that saw the visitors grab the victory with just 32 seconds left to play. The boys kept their parents on the edge of their seats right up to the final buzzer. In the closing seconds of the final period the Minden team pulled their goalie in an effort to regain the tie. The effort proved fruitless.

Kent Taylor gave Minden the lead in the first period scoring on a pass from Joey Boyle. Haliburton was two men short at the time.

John Vuksic was the goal getter for Haliburton scoring both the tying goal in the second period and the winning goal. Both were unassisted.

In nets for Minden was Randy Bull while Jason Morrisette was the netminder for Haliburton.

Pee Wee

The Minden Pee Wees lost a tough match against the Haliburton squad January 22 at the Minden arena. The Minden team emerged on the short end of a 7-1 score which didn't reflect the tight play during the first two periods.

Derek Allison put Minden on the score board in the first period scoring on assists from Scott Russell and Sheldon

Perry. Haliburton managed two goals in the second period and then blew Minden out of the rink in the third, pumping in five goals to seal the win. Jeff Francis, Erin Nicholls and Jaro Cooper each scored a pair for Haliburton while Jeff Warburton added a single.

The three winning executive President, Secretary and Treasurer, Gord Darby, Jim Carrell and Lou Conway travelled to London Friday where they attended a wine and cheese party. They bowled Saturday afternoon then attended the Victory banquet and dance. By all reports they had a fun filled weekend. This was a super tournament put on by Seagrams.

On Sunday January 23, the Masters Houlth-Helliwell Mid-Winter Blues Tournament was held in Cobourg with Masters from Carnarvon,

Fenelon Falls, Bancroft, Lindsay, Cobourg, Trenton and Kingston competing. The winner was Ron Robinson Sr., with a 246 average over a 5 game block. He will now go to Hamilton February 26 to compete in the Provincials.

On Sunday January 30 the O.V. Classic winners from Carnarvon will bowl in Fenelon Falls at 10:00 a.m. Good Luck to our ten bowlers!

Carnarvon 5 Pin Bowlers Boosters Club winning numbers January 21 were 181 - \$60 and 47 - \$40.

(from page 8)

managed three goals when they faced the Fenelon Falls team Sunday in Minden. Sheldon Stevenson, Derek Allison and Scott Russell shared the scoring with Russell assisting on the two other goals and Allison helping on one.

Bantam

The Minden Bantams suffered a 9-2 defeat at the hands of Haliburton Saturday in Minden. The two Minden goals came from John Wells with assists to Glenn Hall and David Schell and Scott Russell from John Ballantyne. Scoring for Haliburton were Tran LaRue with three, Cory McKnight

with a pair and Jaro Cooper with 4 goals.

Juvenile

The Fenelon Juvenile team had only five players when they arrived at the Minden arena Friday evening. Since it was not a regular league game, the Minden team gave them three players, Jim McKelvey, Kevin Hamilton and Harold Cowen. In the game which followed, the remaining Minden team trounced the competition 13-8. Eldon Bull scored six goals for Minden while Scott Rae, Ivan Ingram and Greg Newell netted a pair each. Rob McLeod picked up a single. Harold Cowen scored one for Fenelon with Kevin Hamilton earning an assist.

The Minden Juveniles were defeated by Rosseau 4-2 in a game played Saturday in Humphry. Scott Hamilton and Ivan Ingram were the goal getters for Minden with assists going to John McKelvey, Scott Rae and Scott Hamilton.

The team lost the services of John McKelvey during the game. He could be out for the remainder of the season as he suffered a broken hand.

As one observer noted...it was a bad scene from start to finish...the Minden team arrived with just fifteen minutes to spare...one goalie was sick...the officiating left a great deal to be desired...the Rosseau team was 'out for blood' with much of their wrath being aimed at Kevin

Warburton.

In Baysville Saturday January 15, Minden defeated Bracebridge 6-4. Scoring for Minden were Kevin Hamilton with a pair, Wade Barry, Scott Hamilton, Eldon Bull and Kevin Warburton.

The schedule

Friday January 28, 9 p.m. Powassan Juveniles at Minden.

Saturday January 29, 8 a.m. Annual Novice hockey tournament. 8 p.m., Powassan Juveniles at Minden.

Sunday January 30, 6 p.m. - Gravenhurst Pee Wees at Minden.

NOTE: Playoffs start the first week of February. Watch the poster for details.

Broom & Stone

by Anita Beaver

Bonspiel News

The first schedule of the Minden Curling Club is over and was a great success.

The winner of the Monday night Ladies League was the rink of Debra Neal with vice Gladys Wruth, second Linda McKnight and lead Jean Scott.

The winners of the Tuesday night Men's League was the rink of John Dickie, vice Paul Prentice, second Stan Blears and lead Russ Paul.

The winners of the Thursday night Mixed League was Jim Burton's rink with vice Pat Atkinson, second Brent Murdoch and lead Betty Taylor.

The winners of the Friday night Mixed League was the rink of Bill Obee, vice Penny Obee, second Barry Marshall and lead Anita Beaver.

However, the most exciting win went to the rink of Lorne Heise, vice Robin Heise, second Doug Ray and lead Skip Ray, who won the overall Thursday/Friday playoff. Congratulations to this rink of second year curlers.

Winners in the Senior League was the rink of Jim Burton, vice Bill Donnelly, second Aulis Orpana, lead Sid Adamson. The winner of the first schedule and second schedule will play off later in the year.

The seniors entered a 'spiel' in Peterborough last week. 2 rinks from Minden and 2 from Haliburton entered and all rinks won one game and lost one except Jim Burton's foursome which claimed 4 wins.

In the men's bonspiel in Haliburton this past weekend we had an exceptional showing. Neil Burk's rink of vice Jim Garbutt, second Jerry McKelvey and lead Ken Fielding won the 'B' division. John Beachli Sr.'s rink with vice John Beachli Jr., second John Smith, lead Jack Harrington, had a good showing finishing second in the 'D' division.

Congratulations to our boys!

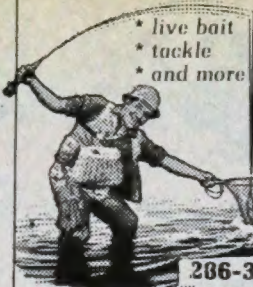

Sorry to say we didn't fare as well in the Seagram's Mixed held this past weekend. The rink of Bill Obee, vice Penny Obee, second Ron Reid and lead Toos Reid, was out after their second game. However we owe our thanks for this entry representing the Minden Curling Club in this event.

The schedule for the second half of the season starts this week. All new curlers are welcome.

Come and support our entries in the Carnival Bonspiel this weekend, January 28,29,30.

Rally gets Lutterworth O.K.

Lutterworth council has agreed to allow the British Empire Motor Club to use some of the township's backroads for a 40 to 50 car rally to be held February 5. The decision came after some discussion on the club, a by-law prohibiting races in the township and the potential inconvenience to residents.

Councillor Bill Valentine allayed council's fears that the motor club is the same

organization which caused damage to shoulders from cars careering off the road. He told council a club from Hamilton was responsible for the damage. Valentine added he knows many of the members of the club as responsible individuals.

Clerk Wayne Hughes brought the racing by-law to council's attention. Council decided the by-law did not

cover what the club termed a navigational rally. In fact, revealed by-law enforcement officer, Doug Hirstwood, cars finishing before the time dictated by the speed limit will be docked points.

Hirstwood, a resident of Buller Road, a potential route, said the rally will pass through the area between 11:45 p.m. and 12:15 a.m. February 5 causing few problems for residents.

Make-work funds available

- by Bill Scott, M.P. -

In our Province the New Employment Expansion and Development Program (NEED) is called the Canada-Ontario Development Program. Two hundred million dollars have been allocated for this phase of job creation. The province has estimated that total make-work spending will reach \$300 million by mid 1984.

The program's objective is to create new, productive employment for persons who are unemployed and have exhausted their entitlement to Unemployment Insurance benefits or are in receipt of social assistance. All workers for NEED projects will be referred from Canada Employment Centres. Referral priority will be given to workers who have exhausted their unemployment insurance benefits ten or more weeks previously and, in the opinion of an employment

counsellor, are not likely to obtain alternative employment during the life of the project.

NEED sponsors may be federal and provincial government departments and agencies, municipalities, voluntary non-profit organizations, private sector businesses and unions. Proposals must demonstrate that they will create extra employment and will not replace activities undertaken by current employees or volunteers. Projects sponsored by community organizations must not create an ongoing dependency. Only projects which will provide work for a minimum of 12 weeks will be considered.

NEED will contribute up to an average of \$200 per week per eligible worker with extra contributions for key skilled personnel. An additional \$125 per week, per worker, may be

made available to non-profit groups, unions, municipalities and government departments, to cover costs incurred.

Projects may cover a wide range of activities, employing any number of people. Project application forms are available to sponsors at all Canada Employment Centres.

ACLD workshops helps students

Is your child having difficulty learning in school? How can you help your child reach his/her potential? How can you better support, comfort, and tutor your child at home?

The Association for Children with Learning Disabilities (ACLD) is sponsoring a series of workshops on Monday evenings at 8:00 p.m. at the Senior Elementary School in Haliburton. The parents who have attended thus far have found a new understanding of their children's problems. We would like to see even more parents out to the remaining ones.

Topics remaining

January 31 - The Learning Disabled Adolescent (with John Fitzgerald, a special education teacher at the High School.)

February 7 - Game Ideas - to make learning at home "fun".

February 14 - How to build your child's self-confidence.

These workshops are being planned for YOU and can only benefit YOU (and your

child) if YOU attend!

For any further information, call Georgina Boyle at 286-2498.

Getting your goat

by J.A. Friel

"I want to change the image of the goat," said Sharron Greer of Davis Lake Road in Lutterworth Township and to pursue this end, Greer organized the first Haliburton Highland goat meeting held at her home Sunday afternoon.

Greer says she has been "lucky" with the goats she has acquired. One is numbered among the best milkers in Canada, while a young buck named Chance was sired by one of three bucks ever certified excellent in Canada. She has high hopes for her small herd.

Greer said that contrary to popular thought, goats are not dirty animals. The major problem is the musk glands in the buck formerly used for marking territory. Greer says some does respond to the musk strongly. However the current practice of removing the glands when the young buck is dehorned has not affected breeding in her herd. She said keeping the glands in bucks has become "more of a whim than anything."

There was a large turnout

drinking goat milk in their coffee and tea, for the meeting with guest speaker Marilyn Taylor, a major goat farmer who has "been in goats a long time."

Taylor discussed the many diseases and treatments of goats, described the basic breeds in Canada and gave some tips on buying healthy and productive goats which would boost the apparently poor quality herds in the area.

There are milk and meat breeds of goats. The most common meat breed in Canada is the Nubian. They are characterized by a roman nose and long pendulous ears. While this goat is not a quantity milker, many dairy goat farmers milk a few Nubians because the high buttermilk content will enrich their stock.

The two most popular dairy breeds in Canada are Saanen's and Toggenburg's. The Saanen is white with upright ears. Cream coloured Saanens are accepted for show but those with any black hair are rejected.

Jack the Nubian

Toggenburg's the flightiest goat according to Taylor, have distinctive markings on their face, legs and tails and upright ears.

Goats are subject to a number of diseases which Taylor discussed. She said the

best book covering this formerly unknown topic is Samuel B. Guss' Management and Diseases of Dairy Goats.

Greer was surprised by the interest shown. She received many offers of homes for the next meeting to be held soon.

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON & MINDEN TO CLOSE, STOP UP AND LEASE A PORTION OF PART OF THE ORIGINAL ALLOWANCE FOR ROAD IN LOT 2 BETWEEN CONCESSIONS II AND III, IN THE TOWNSHIP OF MINDEN, IN THE COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 302, Section 298 of the Municipal Act, that the Township Council of the Municipality of Anson, Hindon & Minden proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Minden, Ontario on Thursday, the 24th day of February, 1983, a By-law to close, stop up and lease the following:

THAT PORTION of the above referred to original allowance for road 33 feet in perpendicular width which abuts the land ownership of the applicant Sid Stamp Fuels Limited and which lands are more particularly shown on a sketch plan made by the Hydro Electric Power Commission of Ontario under date March 16, 1970 and which sketch plan is available for inspection at the Township of Anson, Hindon & Minden office, Minden, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at the meeting to be held at the time and place above mentioned, the Township Council of the Municipality of Anson, Hindon & Minden shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED AT MINDEN, ONTARIO this 14th day of January, 1983.

Church marks week of Christian unity

This is a special week for Christians around the world. During this week the Christian community celebrates the week of prayer for Christian unity. The week will be marked by special prayer services and activities. A service is planned for Minden. The following article, by Father George Elliott of the Anglican Parish of this community outlines the purpose behind this celebration.

Churches of every denomination around the world are taking time this week to pray for the unity of all Christian people. It is an annual event, celebrated in our communities here in Haliburton County with joint services and other opportunities to share together as brothers and sisters of the one Lord, Jesus Christ.

This year's theme is "Jesus Christ - The Life of the World". It directs our attention to one very simple question. Is there life before death? Now that might seem like a rather strange question to ask, but is it? When you look around the county, around our country and even farther abroad, the so-called "quality of life" that many people are forced to endure, makes them, if no one else, ask such a question. Mothers in Northern Ireland, both Roman Catholic and Protestant, mourning the death of husbands and sons, might well be asking is there life before death. The man whose letter on the front page of last week's Toronto Star. Sitting in total despair because no one seems to care enough even to reply to his letters asking about work, might be asking is there life before death?

"Jesus Christ - The Life of the World" boldly proclaims to all people that God has promised us life, a life of love and hope and peace. In this week of prayer for Christian Unity, the church, Christ's living body on

earth, joins together to witness to the world that they have tapped this source of life. Yes, we are still divided by history and sin, but there is much that we hold in common. We share our belief in Father, Son and Holy Spirit as laid down in the Creeds. We share in baptism, which makes us one as God fills us with His Holy Spirit. We share the Bible, to which all Christians turn both for revelation and direction. We all worship God, pray to Him, and seek from Him forgiveness when we have gone astray. We all experience Jesus as the Life of the World.

The week of prayer for Christian Unity gives us an opportunity to celebrate our unity. This year two events have been planned in Minden. The first is our joint service. This will be held at St. Paul's Anglican Church tomorrow night, January 27 at 7:30 p.m. Father David Bollo of Our Lady of Fatima Roman Catholic Church will be preaching with both Mr. Clyde Westhaver of Minden United Church and Fr. George Elliott of the Anglican Parish of Minden assisting with the service. It will also feature a joint choir. Everyone is welcome!

Our second event is something new. On Saturday February 5, we are planning a special event for the children of our churches. It will take place at Minden United Church from 11:00 a.m. until 1:00 p.m. There will be an opening service followed by activities geared for

children 3 years of age and up and ending with a hot dog lunch. All children are welcome to share in this event.

To end, I would like to remind you that this is a week of prayer. Our planned activities are only highlighting the tremendous work of prayer in which millions of Christians around the world will be involved in during the week. Our hope is that all of you will join in praying for God's family, that the walls which divide us may continue to be broken down allowing the unity which Jesus teaches us about in His earthly ministry to become a reality in our day. I don't envision one super church, but I do pray that one day we can serve God together, openly accepting one another and the gifts which God has bestowed upon us, so that the message of life before death can be heard by those living in death. Jesus promised life, in fact fullness of life. May this week of prayer for Christian Unity be for us the beginning of a new focus towards those in our community and in our world who are looking for the life we know they can find in Jesus Christ-The Life of the World.

"May God be gracious to us and bless us and may the face of God shine upon us, that God's way may be known upon earth, God's saving power among all nations. Amen"

book nook

The following is a list of books available for your reading pleasure at the Minden Public Library.

Juvenile Fiction

Title: Magic Guinea Pig. Author: Tricia Springstuf. In this book Mark, as with others, has trouble doing things. He wants a puppy and meets a witch who gives him a guinea pig. Illustrated by Bari Weisman, this is a good picture book.

Juvenile Non-Fiction

Title: Biofeedback. Author: Larry Kettlekamp. This is an informative book giving explanation of the changes which people may make in their bodies through biofeedback. Good for a project and it might interest anyone who has migraine headaches.

Adult Fiction

Title: Public Smiles, Private Tears. Author: Helen Van Slyke with James Elward.

Beverly Thyson's extraordinary rise in the ruthless world of women's fashion astonishes everyone including herself. But her personal life (including a failed marriage and an exciting but unfulfilling affair) makes Bev feel she is lacking as a woman. Using all of her strength and intuition to reach the very pinnacle success, she is still constantly searching for love.

Public Smiles, Private

Tears is not only Bev's story it is the story of an entire generation of women who

find themselves in a world where traditional standards and assumptions no longer work. There is Ruth who

followed the rules, Marion who broke them, and Sylvia - who created her own. Here too are the men who loved them, used them, worshiped them from afar, hurt them - and sometimes left them. Helen Van Slyke draws upon her own experience in glittering world of the powerful to tell a fascinating story of the people she knows so well; their successes and failures, their triumphs and tragedies, their public smiles and their private tears.

This is Helen Van Slyke's tenth and final novel, the first half of which she had completed before her untimely death on July 3, 1979. Although she had begun writing only 9 years earlier at the age of 50, she achieved international acclaim as the author of many bestsellers.

Adult Non Fiction

Title: Black and White and Never Right, A Hockey Referee. Author: Vern Buffey.

Vern Buffey has 11 years experience with the NHL and also has been the WHA's first referee in chief. He tells of his early years of refereeing when the players paid the referees with nickles and dimes. He takes you to Europe and tells you of the Russians way of refereeing a game. After reading this book you may find that you are agreeing with the referees' calls.

Council briefs

Items from the January 19 meeting of Haliburton County Council.

Hyland Crest administrator Sid Brown, reported to county council at its meeting January 19. Brown outlined some of the recent changes in the home saying it had been "a great year."

The facility has added storm windows, renovated the drug dispensary, installed call boxes in bathrooms and drapes to increase privacy within the home.

Brown complimented the staff at Hyland Crest and said with the "excellent committee" overseeing the home, he is looking forward to another good year.

Hyland Crest chairman, Murray Fearrey, commended the administrator and his staff. He said the 1983 budget presented to the home's committee of management showed an increase of only 5.9 percent indicating the cut in waste.

Forest projects

Forest Management chairman Elgin Stouffer said more than 50 people in Haliburton County are working on several forest-related projects. Much of the funding is coming from federal and provincial programs.

Stouffer said the largest project is expanding the deer yard in Hindon township, the largest in the county, "I think we'd better support that," he said.

Cardiff Reeve Mack Peters asked about the effect the projects are having on the environment. Stouffer replied the work is "closely supervised" by government personnel.

Peters said it is "hard to take a lesson from someone you know does it wrong" referring to some poorly managed government programs. He also differed with Stouffer saying skidders do not have a place in the bush and horses are the least damaging method of extracting timber.

Excess funds

Management committee chairman, Dysart Reeve Murray Fearrey reported to county council the committee had met twice since the last county meeting. The committee has passed a resolution to request excess funds from the library and the Economic Development Commission (EDC) the only two areas with such funds.

The committee is also going to discuss the possibility of a trade dollar with the Chamber of Commerce. The dollar will commemorate Haliburton County's full status and will serve as a promotional scheme as well.

Unemployment figures

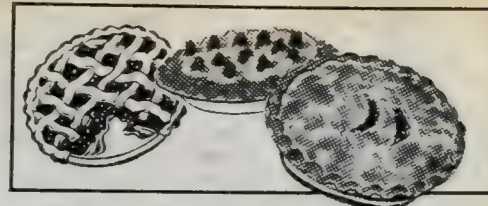

Anson, Hindon and Minden representatives on county council, Reeve Lyle McKnight and Deputy Reeve Ed Pergolas moved the county should request unemployment figures for the county as a whole and the individual municipalities within it.

McKnight said the request "could benefit us all" when tabulating unemployment figures. He mentioned other centres received the statistics and did not see any reason Haliburton should not be able to use them. The council concurred and the resolution will be forwarded to the federal authorities.

The Sweet Retreat Minden is having a

PIE EATING CONTEST

Saturday January 29 at 2:00 p.m. Sharp!

The winner will receive a cash prize of \$10. Any age welcome!

TOWNSHIP OF STANHOPE TENDERS

around the county town

by Yvonne Guida

I am sorry to report that Lyman Cox succumbed to a stroke in Peterborough's Civic Hospital last week. He was well-known and well liked here in Minden and is survived by his wife Mary, four sons, two daughters and grandchildren. We extend our deepest sympathy to his family and friends.

Gary and Rhonda Stacey visited her grandmother, Mrs. Lillian Porter over the weekend, and also visiting

was her daughter Norma Ellis and friend.

St. Paul's Anglican Church was the setting for a pretty wedding last Saturday when Debbie Jean, daughter of Mr. & Mrs. Lewis Stevens, granddaughter of Mrs. Diane Stevens, was united in marriage to Kenneth Murray William Fountain, son of Mr. & Mrs. Harry Fountain of Maple Lake. The bride looked lovely, dressed in a cream coloured chiffon street

length dress with a beautiful silk halo of flowers for her headdress. Miss Laurie McKnight was her maid of honour, dressed in navy blue with a flowered headdress. The groom's brother John was best man. A reception at the Wagon Wheel followed the ceremony, consisting of a delicious dinner and dancing. The happy couple will reside in West Guilford. Out of town guests came from London, Cambridge, Burlington, Beeton, Toronto and Ajax. Our best wishes to Debbie and Kenneth.

The Haliburton Highland Rug Hookers held a workshop at the Minden Cultural Centre on January 17 and 18. Fifteen ladies participated in this very interesting class. Germaine James from Pembroke was the instructor. The class was taught how to design Oriental Poppies both sculptured and carved. An enjoyable time was had by all and anyone interested in joining the class may contact Joan Stinson at 457-1110 or Margaret Fedorchuk at 457-2370.

I would like to wish a Happy Birthday and all good wishes to my friend Sheila Austin who celebrated her birthday on Sunday.

There will be a meeting of the Art gallery committee on Monday January 31 in the Common Room of the Agnes Jamieson Gallery at 7:30 p.m. We welcome all who are interested to participate.

My art classes will commence Tuesday February 1 in the Minden Cultural Centre. The classes will run from 1:30 to 3:00 p.m. I hope to see many of you there.

I am happy to report that Allan Wrightman is recovering at Wellesley Hospital after his operation.

Recommended for your reading pleasure, Thomas Thompson's incredible story - Blood and Money. Fascinating reading! I could not put it down. As I have mentioned before, he is one of my favourite authors.

My deepest thanks to Irwin Karnack of CFMX-FM for reading my poems regularly on his program Measure for Measure. It is flattering, to say the least that people enjoy my poetry.

Winners of the Mini-card party held at St. Paul's last week are as follows: Euchre - lone hands - Irene Houghton

and High - Margaret McAfee. Cribbage - Gordon Kellett.

There was a very good turnout for the movies last Friday. I will announce when the next movies will be shown.

The Minden Kinsmen Winter Carnival will take place this Friday, Saturday and Sunday, featuring Miss Canada who will officiate at the crowning of the Carnival Queen Friday night and Donald Jackson world figure skating champion.

A very pretty wedding was solemnized in the United Church at Maple Lake last Saturday at 7 p.m., when Kevin Harrison, son of Mr. & Mrs. Carl Harrison, was united in marriage to Brenda McPhail, daughter of Mr. & Mrs. Glen McPhail of West Guilford. Following the ceremony, a reception was held at the Legion Hall in Haliburton. Our very best wishes to the happy couple.

Gary & Phyllis Sleeman, newlyweds, spent the last four days of last week with Gary's aunt, Mary Currah, also her son Jackie from Millbrook.

senior league

by Bert Harrison

We had a nice service in the Chapel Sunday night. Having the Thompsons back again was a real delight. We hope they don't leave us again. Rev. Burgess spoke on "I do not frustrate the Grace of God" for if righteousness comes by the law, then Christ is dead in vain.

Monday morning down at Fun and Fitness, Ada Shorter won the horseshoe game, last week Madelaine Trepanier did the same.

Linda showed us three interesting movies Monday night "I'll find a way" or else I'll ask it, "A stroll through history" and "A Micmac basket".

Tuesday morning Rev. Westhaver of Minden United Church conducted a real nice service in the Chapel. It was a lovely winter day, our girls came again to sing and play.

We were shocked to hear of the passing of Dr. Agnes Jamieson. She was a good doctor, a good neighbour and a good Christian. We have also just heard of the death of a well-known Minden man, Mr. Lyman Cox, we extend our deepest sympathy to those who mourn his loss.

To those responsible for the new Hyland Crest sign at the end of Minden bridge we say a big "Thank You."

The Watson Smith trio came Tuesday night and entertained us grand, it was

"honour your corner lady and take her by the hand."

The Minden United Church Women served a dainty lunch on Thursday afternoon. We enjoyed their fellowship and trust they will come again soon. Thursday night was Bingo night here at Hyland Crest, put on by members of the Kinsmen Club who were our welcome guests.

Mrs. Coburn and Fred Ballard came on Friday afternoon to entertain us for an hour with poems and merry tunes.

Friday night the Kinetite Club of Minden came to Hyland Crest to organize progressive euchre and other games. Not as many gents attended but quite a lot of dames. We enjoyed the games and were quite content and it didn't cost our senior citizens one red cent. Something else that we thought was really grand, Mrs. Dorothy Calver won three lone hands. They also served a dainty lunch but I didn't stay, my head began nodding so I just hit the hay.

Thou goest they way and I go mine apart yet not afar, only a thin veil hangs between the pathways where we are. And God keeps watch 'tween thee and me, this is my prayer. He looks thy way, He looketh mine, and keeps us near.

Bert Harrison

Nocturne

The song of the loon is an eerie sound
Amid the hills where the lakes abound,
Where stalwart pines would clutch the sky
They guard their land as you and I,
Their piney needles make a nest
Wherein some infant partridge rest,
The velvet night sees myriad eyes
And tiny lamps of fireflies.
The moon casts jewels that wink and gleam
Upon the breast of lake and stream
Such strands of diamonds, opals, gold,
A spectre marvelous to behold.
And with the soft waves ebb and flow
The sparkling jewels come and go.
Their silhouettes against the sky
A stag and mate go tripping by
In triumph and supremacy
He shakes his head for all to see.
There on the rocky ledge above
Two silvery wolves are making love
Their wooing heard in joyous notes
That ring in rapture, from their throats.
But just before the dawning's break
A dark Ophelia of the lake,
Her misty-shrouded head held high
In silent splendour, passes by
Like some sequestered sombre wraith
That's somehow driven on by faith -
Oh who will heed her mournful cry
"There is no lonelier soul than I!"

Yvonne

kid's korner

by Jean Lacey

Q: Why did the elephant sit on the marshmallow?

A: To keep from falling in the cocoa.

Q: What do you call a frightened skin diver?

A: Chicken of the sea.

Q: If pigs wear wigs, what do piglets wear?

A: Wiglets.

Q: What is it?

It has four legs.

It eats hay.

It has a tail

And sees just as well from either end.

A: A horse with its eyes closed.

Bye for now. Take it easy. God bless till next time.

Did you know?

CFMX-FM is back on the air!

All of you who signed petitions, sent telegrams, letters and official interventions to the CRTC, will be happy to know that classical music is again available to county residents by dialling 103.1 FM.

The Friends of CFMX Citizens' Committee made a strong representation at the CRTC's public hearing in March of 1982. A panel of speakers drawn from the station's listening area included a representative from Haliburton County as well. Strong support and intervention by registered letter to the CRTC came from all over the county, but especially from its eastern townships. Several citizens of Wilberforce, Tory Hill and Gooderham made outstanding efforts to win their favourite station back.

The Canadian Radio, Television and Telecommunications Commission

granted a three year licence under certain conditions: These were that the owner of the station D.B. Williamson, Communication Consultant, take over active management of the station, that technical requirements as authorized by the Ministry of Communications be met; and on the strength of the active involvement of the Friends of CFMX in an advisory capacity on the station.

The Haliburton County Chapter of 'Friends' is asking interested listeners to become members of its group. Memberships collected will be used to sponsor fine arts programmes, which will benefit the public especially in Haliburton County, where access to such programming is limited.

If you are interested in supporting CFMX by becoming a member of the local Highlands chapter, please get in touch with Bruce Henry, 457-1313.

CARD OF THANKS

To all the very generous contributors to the Agnes Jamies memorial fund, a heartfelt Thank You.
The Art Gallery Committee

My grateful thanks to OPP officers, ambulance attendants, Dr. Lodenquai, nurses and staff at Minden hospital and all friends for their kindness and concern over my recent car accident.
Elsie Hornby

To our many, many friends, who were so helpful in so many ways during our saddened experience, we wish to express our sincere thanks.
Olga Myles
Sylvia Howard
